NO. A-253156

COMMITMENT

DEATH SENTENCE
(1217 PENAL CODE)

TO THE SHERIFF OF LOS ANGELES COUNTY AND TO THE WARDEN OF THE
STATE PRISON AT SAN QUENTIN, CALIFORNIA:

BE IT REMEMBERED that on December 8, 1969, the Grand
Jury of Los Angeles County duly returned Indictment No. A-253156
charging CHARLES MANSON and others with seven counts of murder
in violation of Section 187 of the Penal Code of the State of
California, and one count of conspiracy to commit murder in vio-
lation of Section 182.1 and 187 of the Penal Code of the State of
California. The counts were described as follows:

- COUNT I Murder of Abigail Anne Folger
- COUNT II Murder of Wojciech Frykowski
- COUNT III Murder of Steven Earl Parent
- COUNT IV Murder of Sharon Marie Polanski
- COUNT V Murder of Thomas John Sebring
- COUNT VI Murder of Lene A. La Bianca

COUNT VIII Conspiracy to Commit Murder

On December 11, 1969, CHARLES MANSON appeared in Department 100 of the Superior Court of the County of Los Angeles at which time a Public Defender was appointed to represent him. On December 22, 1969, the Public Defender was relieved, and on December 24, 1969, the Defendant's motion to represent himself in propria persona was granted.

Thereafter on January 28, 1970, CHARLES MANSON was duly arraigned on Indictment No. A-253156; and on this date pleas of not guilty to all charges were entered by the Court on behalf of the Defendant pursuant to Section 1024 of the Penal Code.

On March 6, 1970, the Defendant's right to represent himself in propria persona was revoked, and Attorney Charles Hollopeter was appointed to represent the Defendant.

On March 19, 1970, Attorney Ronald Hughes was substituted for Charles Hollopeter as counsel of record representing the Defendant.

On June 1, 1970, Attorney I. A. Kanarek was substituted for Attorney Ronald Hughes as counsel of record to represent the Defendant. Between December 11, 1969, and June 15, 1970, this case was continued from time to time on behalf of the Defendant for good cause and for the hearing of certain motions.

On June 15, 1970, in Department 104 of the Superior Court of the State of California in and for the County of Los Angeles, trial by jury on the issue of guilt commenced. On January 25, 1971, the jury returned verdicts finding the said CHARLES MANSON guilty as charged on all eight counts of the Indictment and fixing the degree of murder in Counts I-VII as Murder in the First Degree.

Thereafter, on January 28, 1971, the penalty phase of the trial commenced, and on March 2, 1971, the jury returned verdicts

of death against the said CHARLES MANSON as to each of the eight counts of which the Defendant had been convicted.

The case was continued to April 19, 1971, for a hearing on motions for a new trial and to reduce the penalty from death to imprisonment for life, ^{and in arrest of judgment etc} and for the pronouncement of judgment and sentence.

On April 19, 1971, the Defendant, through his counsel argued his motions for a new trial and to reduce the penalty from death to imprisonment for life ^{and in arrest of judgment, etc.}

After due consideration of the arguments presented by the parties, the motions for a new trial and a reduction of the penalty from death to imprisonment for life ^{and in arrest of judgment etc} were denied. There being no legal cause why judgment should not be imposed, the Court ordered Counts I-VIII merged as one count for purpose of sentence, and sentenced the defendant, CHARLES MANSON, to suffer the death penalty in the manner prescribed by law at a time to be fixed in the warrant of execution, as follows:

"It is the judgment and sentence of this Court that for the crimes of Murder in the First Degree in Counts I-VII, and Conspiracy to Commit Murder in Count VIII of which you, CHARLES MANSON, have been convicted, and the penalty having been fixed as death, that you be delivered by the Sheriff of Los Angeles County to the Warden of the State Prison of the State of California at San Quentin to be by him put to death in the manner prescribed by the law of the State of California on a date hereafter to be fixed. Execution on Count VIII is stayed pending the determination of any appeal on the other counts, such

1 stay to become permanent when the sentence
2 as to any one of counts I-VII has been com-
3 pleted."

4 NOW THEREFORE this is to command you, the Sheriff of
5 the County of Los Angeles, as provided in said judgment, to take
6 the defendant, CHARLES MANSON, to the State Prison of the State
7 of California at San Quentin, California, and deliver him into
8 custody of the Warden of said State Prison within ten days; and

9 NOW THEREFORE this is to further command you, the said
10 Warden of the State Prison of the State of California at San
11 Quentin, California, to hold in your custody the said CHARLES
12 MANSON pending the decision of this case on appeal; and upon
13 judgment herein becoming final to carry into execution the judgment
14 of said Court assessing the death penalty, at a time and on a date
15 to be hereinafter fixed by order of this Court, within the State
16 Prison at San Quentin, California, at which time and place you
17 shall then and there put to death the said CHARLES MANSON by the
18 administration of lethal gas in the manner prescribed by law.

19 In Testimony Whereof I have hereunto set my hand as
20 Judge of the Superior Court and caused the seal of said Court to
21 be affixed this 19th day of April, 1971.

AUTOPSY REPORT
OF GARY HIRMAN

Robertson

OFFICE OF CHIEF MEDICAL EXAMINER-CORONER

Date AUGUST 1, 1969 Time 10:45 AM

I performed an autopsy on the body of GARY HINMAN
at OFFICE OF CHIEF MEDICAL EXAMINER-CORONER, HALL OF JUSTICE, LOS ANGELES,
and from the anatomic findings and pertinent history I ascribe the death to:

STAB WOUND TO CHEST.

Final: August 8, 1969

ANATOMICAL SUMMARY

MULTIPLE STAB WOUNDS:

- A) Head.
- B) Chest.
- C) Perforation of heart.
- D) Massive thoracic hemorrhage.

SUMMARY OF INJURIES (NOT IN ORDER OF OCCURRENCE OR IMPORTANCE):

Stab Wound #1: On the left scalp to the left of vertex, approximately 1/2 inch, approximately 1-1/2 inch in length. This is superficial and does not penetrate the scalp. This is not considered to be fatal.

Stab Wound #2: Stab wound - laceration, cutting wound, of left side of face extending from the ear to half-way between the left angle of the jaw and the lateral margin of the left lip. It is 5 inches in length, partially transects the ear, exposes the deep structures of the muscle, appears to go inward in a downward backward direction, but depth is maximum approximately 1 inch. There is no obvious interruption into the oropharyngeal cavity. This wound is possibly fatal.

Stab Wound #3: Three and one-half inches from the vertex, 5/8 of an inch in length, angling somewhat backwards just behind the upper portion of the right ear, does not enter into the skull; this is superficial and is not considered fatal.

Stab Wound #4: Enters the anterior chest wall at approximately the midline, with a slight angle from right to left in a downward direction, with rather sharp edges with the apparent thrust of the weapon in an upward direction up into the chest cage. The uppermost portion of the external opening is 18-3/4 inches from the vertex. This wound is relatively superficial, distorts the anterior aspect of the lower portion of the sternum, but does not enter into the chest cage. This is not considered fatal.

#69-8448
GARY HINMAN
AUGUST 1, 1969

2

Stab Wound #5: Enters the chest at a level 20-1/2 inches from the vertex at approximately the midline, is 1-1/2 inches in length and approximately 1/4 of an inch in maximum width, is somewhat gaping, with the direction in an upward angle. It disrupts the left anterior junction of ribs 6 and 7 with the sternum. The apparent knife wound penetrates the pericardial sac, also disrupts the right ventricle and involves the posterior portion of the septum on the right side. The defect in the heart is approximately 1-1/4 of an inch in maximum length. There is maximum hemopericardium present. This wound is considered fatal.

EXTERNAL EXAMINATION:

The unembalmed body is that of a rather deformed, bloated, decomposed body of a male, showing moderate gaseous distension, whose height is 68 inches, and weight is 150 pounds. There is extensive infestation by insect larva. There is extensive skin slippage. There is extensive marbling and putrefactive changes. The external genitalia are male. No surgical scars are recognizable. No evidence of traumatic injury to the extremities are noted. A fine linear mark is present on the dorsal aspect of the wrist which is approximately 3 inches in length; it appears to be a defense type wound. However, this is so superficial with the presence of dried blood on the surface. The hair is easily detached.

INTERNAL EXAMINATION

INCISION:

The usual Y-shaped incision is employed. The organs appear generally in their usual positions.

RESPIRATORY SYSTEM:

The trachea and bronchi show extensive postmortem discoloration. The lungs weigh approximately 400 grams each and show no definite recognizable hemorrhage or consolidation. Extensive postmortem autolytic changes are present. No disruption of the parenchyma is noted. There is accumulation of reddish-black fluid in the pleural spaces, bilaterally. The pulmonary vessels appear grossly normal.

CARDIOVASCULAR SYSTEM:

The aorta and its branches show no significant abnormality. The heart weighs 330 grams and lies within a blood filled pericardial sac. There is moderate extravasation of blood into the connective tissues. There is no hypertrophy or dilatation of chambers. The right ventricle shows 1-1/2 inch disruption

DEFT

on the anterior aspect. Valve appearances and sizes are within normal limits. The coronary arteries show no significant atherosclerosis. Cut surfaces of the remainder of myocardium show no recognizable old, recent, or fresh infarct.

HEMIC AND LYMPHATIC SYSTEM:

The abdominal and mediastinal nodes are not significantly enlarged. The spleen weighs 150 grams, is soft, and shows extensive gastric distension. The capsule is generally smooth. The color is red-purple. The vertebral marrow is red-brown in color.

DIGESTIVE SYSTEM:

The esophagus shows autolytic distortion. The mucosa of stomach shows gastric dissolution. The small bowel and colon are grossly normal.

The pancreas has the usual appearance, but shows extensive post-mortem autolytic changes.

The liver weighs 950 grams, has a generally smooth capsule, but extensive gaseous disruption of the parenchyma is present. The surface is greenish-red-brown in color. The gallbladder and biliary tree are grossly normal.

UROGENITAL SYSTEM:

The kidneys weigh approximately 150 grams each, have easily stripped capsules. The cortices are rather softened, with approximately 4 mm in thickness. The hilar vessels, pelves, ureters, and urinary bladder likewise show extensive autolytic changes, but no recognizable abnormality otherwise. The prostate weighs approximately 35-40 grams, has the usual fibronodular appearance. The testes are descended in the scrotum.

ENDOCRINE SYSTEM:

The adrenals show extensive autolytic changes. The thyroid shows glistening, pinkish appearance and is somewhat autolyzed. The pituitary shows no gross abnormalities.

SKULL AND CENTRAL NERVOUS SYSTEM:

The scalp shows the three lacerations previously noted. The calvarium shows no recognizable disruption of either the outer or inner tables. The dura is free of abnormality. The brain, however, is markedly fragmented, has a greenish discoloration; these are autolytic changes. No evidence of previous hemorrhage is noted.

DEFT

MUSCULOSKELETAL SYSTEM:

No gross fractures of the long bones are palpable. The cervical, thoracic, and lumbar spine show no recognizable fractures. The ribcage, likewise shows no fractures.

TOXICOLOGY:

A specimen of blood is submitted for toxicological study.

SECTIONS:

Routine hold sections are taken.

NOTE

Investigators Gunther and Whiteley from the Sheriff's Homicide Division are present at autopsy.

On August 7, 1967, at the request of Sgt. Whiteley, Homicide Bureau, an investigation was made of a house at 964 Old Topanga Canyon Road, Malibu.

Handwriting was observed on the north wall of the livingroom directly above the area where the victim was found, which read "Political Piggy". The writing material was determined to be blood. No samples were obtained.

Blood was found on the corner of a coffee table in the livingroom, on the hall floor between the livingroom, bath and kitchen, and on the walls, floor, and ceiling of the kitchen. No samples were obtained.

A home made scale was observed in a kitchen cupboard containing a white powder on one pan. The pan and powder was taken for examination.

On the same date, Sgt. Whiteley submitted a pair of brown leather boots, a blue knit sports shirt, a pair of blue jean trousers, a hunting knife, and scabbard for examination.

Traces of blood were found on the right leg of the blue jean trousers, on the bottom front and right sleeve of the sport shirt. The amount was insufficient for any further tests.

No blood was found on the hunting knife, scabbard, or boots.

The white material in the balance pan was negative for narcotics.

On August 20, 1969, Sgt. Whiteley, Homicide Bureau, submitted two debris samples marked from the front and rear floor boards of a Peugeot, Calif. license number OXX 833, a pair of brown plastic and fabric gloves from the glove compartment of the above vehicle, three soil samples and a debris sample from the Santa Barbara Sheriff's Office marked "soil from edge of road", "soil from drag marks", "blood soaked dirt from under victim", and "debris from area of scuffle".

Two small fragments of soil from the front floor board and one small fragment of soil from the rear floor board were similar in color, structure, and chemical composition to the soil marked "from the edge of the road" and in our opinion could have come from this source.

Two types of plant material were found in the debris from the front seat which were similar to plant material marked "from the area of scuffle", and in our opinion could have come from this source.

On January 8, 1970, at the request of Sgt. Whitely, Homicide Bureau, Undersigned conducted an examination at 964 Old Topanga Canyon Road, Malibu, for bullets and bullet holes.

What appears to be a bullet hole was observed in a wood upright portion of a cabinet under the sink in the kitchen. This piece of wood was removed for possible further examination.

A bullet was recovered from the inside of the exterior wall immediately behind the sink. The bullet is 9 MM jacketed weighing approximately 126 grains and was fired in a weapon having six lands and grooves with a right twist and a land to groove ratio of approximately one to one.

Bullets on file in this office with similar characteristics to the recovered bullet include those fired in Astra, Browning, Luger, Radom, Star, and Walther semi-automatic pistols.

Re: MANSON, Charles Milles
No: 3845-CAL

Mr. C. H. Meador
Chief U. S. Probation Officer
533 P. O. Building
Los Angeles 12, California

Attention: Mr. J. Noble White

Dear Mr. White:

Pursuant to the recent conversations we have had concerning the above young man, I am writing to give my views of him for your assistance in formulating your report to the court prior to his impending sentence.

Manson has been in almost continuous custody since the age of eight. He is the product of a most unfortunate family background, and it is doubtful if even his mother knows the identity of his actual father. His mother has herself an unfavorable history, and during this boy's infancy served a 5 year sentence for assault and drunk-rolling. She has been an alcoholic for many years, and Manson as a child was subjected to all the vicissitudes such a home atmosphere inflicts. It is understandable that he became delinquent at an early age, and I believe was first committed to a custodial institution when eight years old. I have not recently studied the record in detail, but I believe this is the thirteenth custodial institution of which he has been an inmate during his short span of life.

Despite the unsavory history outlined above, I believe there is a possibility this young man may yet be salvaged. He is not a mental deficient, he is of good appearance, and he has demonstrated at times a very real determination to attain a normal way of life. He is emotionally undeveloped and twisted, and his reaction to situations of stress has often been juvenile. However, I do not believe this young man will achieve emotional maturity in an institutional setting. In fact, I believe he is over-institutionalized at the present time, and that a lengthy period of incarceration would only serve to accentuate the unfavorable aspects of his case. Above all else, this

Mr. J. Noble White

June 12, 1957

man needs to learn to live in a normal manner, and that is something he will not learn in an institution. I believe his recent escape attempt was merely another evidence of his usual emotional reaction to a stressful situation, and with regard to his sentence I would recommend that he be given only an extended period of probation to follow his present incarceration.

Very truly yours,

Attn: Mr. Samuel Barrett

Dear Mr. Barrett:

On September 30, 1970, you requested a status report from our office relative to our case against Charles M. Manson.

On September 2, 1969, Nat E. Stanoff, dba Surplus Dist., 6279 Van Nuys Blvd., Los Angeles, California identified a photograph of Charles M. Manson as the person who had purchased a firearm from him on July 14, 1969.

Based upon this identification and the record of Manson's felony conviction an arrest warrant was issued by the U.S. Commissioner, Los Angeles, California on September 3, 1969 for Manson charging him with a violation of the Gun Control Act of 1968.

Subsequent investigation disclosed that the identification made by Nat Stanoff was incorrect and it was requested that the arrest warrant be withdrawn.

At the present time there is no prosecution pending nor is any anticipated relative to Charles Manson.

Please contact our office if we can be of any further assistance.

Very truly yours,

Parole Executive
United States Board of Parole
Washington, D. C. 20537

RE: MANSON, Charles Milles
Reg. No. A-11686-CAL
M/R Expiration 12-24-69

Dear Mr. Shore:

We have been informed by Mr. W. F. Michael, Agent, Division of Alcohol, Tobacco & Firearms with the United States Treasury Department, that his office has obtained a Federal warrant for subject's arrest and is seeking to take subject into custody.

Agent Michael informs us that his investigation disclosed that in July, 1969, subject used false information in completing United States Treasury Forms # 4473 to purchase firearms in Van Nuys, California from the Surplus Distributing Company. It is alleged that on or about July 2, 1969, subject purchased a short barreled rifle and on or about July 14, 1969, purchased a nine millimeter hand gun.

Our last report for subject was received on September 2, 1969 and his report for August was dated August 27, 1969. He reported still working for his room and board at Spain's Movie Ranch, 12800 Santa Susana Pass Road, Chatsworth, California. On August 16, 1969, a raid was made at that ranch by the Sheriff's office and subject and most all the other free loaders there were taken into custody. We have not yet obtained a copy of the arrest report but will do so shortly and send a copy to your office. It is understood that the charges, however, against everyone were dismissed.

On September 19, 1969, we personally visited Spahn's Movie Ranch and talked to a young girl named Lynn, who has been residing there since she acts as a housekeeper for Mr. Spahn, the owner. She has also taken messages in the past for us which were related to subject. We were told that subject was not living at the ranch any longer and had not been there since the time of the arrest we mentioned last August. Subject, therefore, has failed to keep this office informed of his whereabouts.

Subject also, since his transfer to our district, has never provided any bonafide proof of his means of support. He has related, as you are aware, that he was associated with one or more recording groups and was receiving advances on albums to be published. In this connection, we have had several conversations with different persons reporting to be interested in subject's welfare but so far, no one has ever given us information on subject's earnings that was factual and could be proved or verified.

It would seem sufficient from the information regarding subject's possession of firearms that he should not be given any benefit of the doubt for any reason to obtain firearms and should be regarded as too great a risk for any consideration and considered dangerous.

In addition to our allegations that subject has violated Items #5 and #12 of his supervision requirements, we believe he has also violated Item #11 by virtue of his association with other parolees which was reported to you by Mr. Callahan of our San Bernardino office and by Mr. Pierce at the Las Vegas office. There does not seem to be any question that subject associated with Thomas Anthony Phillips, Register No. 12417-CAL, who has been under supervision in Las Vegas and that he also associated with Donald Papanicolaou, Register No. A-12029-CAL, and Raymond Franklin Armstrong, Register No. 12555-CAL, the above two parolees having been supervised from the San Bernardino office.

In view of the above therefore, we would recommend that a Violator's Warrant be issued against subject.

Very truly yours,

Dear Mr. Shore:

On subject's monthly report for June, 1969, he reported that he was arrested in Canoga Park for being drunk, on June 3, 1969, and that he paid a fine of \$20.00.

We have verified with the records of the Municipal Court, in Van Nuys, California, in their Case No. 229735, that subject was found Guilty of being drunk and was fined \$20.00 plus \$5.00 penalty assessment, and the amount was paid on June 11, 1969.

In view of the misdemeanor nature of the offense, and, since subject otherwise is trying to function within the law and avoid any illegal activities, we would recommend that no action be taken in this instance..

Dear Mr. Shore:

Your file will indicate that the above-named mandatory releasee requested permission to travel to Texas to play in a musical group for two weeks during the last week of May and the first week and a half of June. Permission for this was obtained via FTS from Mr. Jones on May 22, 1969, subject to the conditions which are included in the permission to travel letter dated May 22.

B-B

In a letter dated May 27, 1969, Manson informs us that he did not travel to Texas because of the time element and the fact that the group with which he was to play, the Beach Boys, had already left for Texas without him. Based on this letter, we assume that Manson did not leave our district, and felt that the Parole Board should be informed of this development.

Be assured of our cooperation.

Re: MANSON, Charles M.
Reg. No. A-11685-CAL

Dear Mr. Wahl:

We would like to review our courtesy supervision of subject and bring you up to date on his situation.

Last July 1968, Manson thought it best for everyone to move from the home of Dennis Wilson in the Pacific Palisades area, so he located himself at Spahn's Movie Ranch situated between Chatsworth and Santa Susana. At one time the ranch was used frequently as a location for western movies, and presently it is used in stabling horses. There is a considerable number of livestock at the ranch now. We visited Manson there on 10-3-68, and found him dressed in western clothes and performing well in his role as a cowboy. He claimed that the setting provided him with enough activity to do something worthwhile, and that he was distant enough from any negative influences.

On November 5, 1968, Manson called our office requesting that he be permitted to leave Spahn's Movie Ranch as he had an opportunity to locate himself on another ranch known as Meyers Ranch about twenty miles east of Trona, California. Manson claimed that he was getting bored at Spahn's Ranch and that Meyers Ranch would be a good change. He was anxious to continue with ranch life as a means of not taking on too much responsibility and thought in that respect it would be simple for him to stay out of trouble. Manson also claimed that Dennis Wilson was giving him advances to pay his expenses which would be deducted from any royalties due Manson when two of his songs are released on the next Beach Boys record album. We decided to allow subject to change his residence.

Case No. A267861 11-11-71

D-D

FOR IDENTIFICATION ONLY

Subject last personally reported to our office on 12-5-68 advising that he was still staying at the Meyers Ranch and that he had to be in Los Angeles on business that date for a talk with Dennis Wilson. Subject claimed that his two songs were being released and that he had \$5000 coming from one song and that he was to make a personal settlement with Wilson on the balance due him from the other song. Subject claimed that he had also been gold prospecting in the Death Valley area, and by good fortune had discovered a vein of gold bearing ore in one of the mountains at a high altitude. Manson stated that he and two other prospectors had already filed a claim on this mine.

Subject has submitted his monthly reports to our office regularly and otherwise has kept us informed of any changes effecting him. He is courteous and polite with us, and would like to remain in our district. There have been no further negative reports about subject and it may be that subject will continue to improve in his conduct while in our district. We, therefore, would be willing to accept a transfer of supervision if you so desire.
